THURSDAY, OCTOBER 5, 2017

Celebrating Our Gains. Mapping Our Future.

The 10th Primary Health Care Forum will be held on Thursday, October 5, 2017 at the Ambassador Hotel in Kingston, and we want to see you there!

The health care system is changing - join fellow colleagues to learn more about local, provincial and international initiatives and provide your thoughts to help guide this change. Enjoy a day of networking and education with others involved with primary care in the south east region.

Visit the Primary Health Care Forum webpage at www.SouthEastLHIN.on.ca for regular updates and further details on the workshops, speakers, as well as calls for posters and events.

Registration opens in July!
