Donald Gordon Centre

Join us for a day of discussion, debates and problem-solving. We will review new screening tools and guidelines to help assist you in areas such as deprescribing as well as other common care issues your geriatric patients are experiencing. You will have a choice of four workshops from a pool of six. If you are searching for answers to geriatric challenges you face every day in your practice, this is a program you will not want to miss.

Program Agenda
