

GeMH 2-Part Learning Activity

A Wish to Die: Depression, MAID and the Older Adult

This free unique learning activity pairs an online, self-directed learning module with a follow-up live webinar, where experts answer your questions!

The online learning module will be available for completion starting mid-February.

Learning objectives:

At the end of this module, participants will be able to:

- 1) Discuss how to respond when an older adult expresses a wish to die
- 2) Describe a clinical approach to an older adult with depression
- 3) Identify key elements of MAID
- 4) Reflect on how MAID and its pathways are relevant to your work with older adults

On February 28, 2018, there will be two live webinars available to choose from: 10:00 – 11:00 ET and, 11:30 – 12:30 ET. Drs. Daphna Grossman and Giulia Perri, specialists in Palliative Care, and Dr. Cindy Grief, Geriatric Psychiatrist will be available at the webinar to discuss questions arising from the online module and facilitate conversation between participants.

After you have participated in **both parts** of the educational activity (online module and live webinar) and completed an evaluation, you will receive a certificate of completion.

There is no cost for this activity.

To register: <https://www.surveymonkey.com/r/CLJ9N62>

Once your information has been processed you will receive instructions on how to access the on-line learning module and the webinar. For more information please contact Alvina Anantram at aanantram@baycrest.org or 416 785 2500 Ext:5045.

Thank you,

Cindy Grief & Lisa Sokoloff
